

31 January 2024

ASX Announcement

DECEMBER 2023 QUARTERLY ACTIVITIES & CASH FLOW REPORT

Classic Minerals continues to make good progress at its projects and operations during the quarter as it **advances to full scale production.**

Highlights of the quarter include:

- Kat Gap processing facility produces further Doré gold bars from Bulk Sample ore.
- **Sale of gold during the quarter realised \$482,000.00.**
- Classic Minerals purchases 100% of the Forrestania tenements from Hannans Resources.

Kat Gap Operations

The Company focused all its efforts during the quarter to bring the Kat Gap gold project closer to production. Most of the work was centred primarily on trial mining and milling activities. This included the calibration of the Kat Gap processing facility to capture data enabling refinement of the gravity circuit operation. Marking out of the trial pit by contract surveyors was also undertaken.

Figure 1 Kat Gap mine site

Classic will look to trial mine a good portion of the oxide component of the indicated resource down to a depth of 45m during the first quarter of 2024. The trial pit is likely to take approximately 3-4 months to complete.

The company is confident that the following three (3) processes will provide it **with the data it requires to obtain an ore reserve**.

1. **Conversion of Indicated Resource to Mining Ore Reserve.** To enable an effective conversion from the current indicated resource to a mining ore reserve, an oxidised portion of the indicated block model needs to be interrogated by a trial mining open pit. Ore from the trial pit will be mined according to the current block model outline. It will then be processed through the Gekko gravity plant allowing for an accurate reconciliation of the tonnes, grade and recoverable ounces of gold from the indicated block model. In essence, **the trial pit will test the block model against what is actually mined.** This information will ultimately test the veracity of the existing block model and indicated resource and provide invaluable data to obtain a mining ore reserve.
2. **Mine engineering data.** A trial pit will give the geological and engineering teams the ability **to measure structural data** firsthand from the walls and floor of the trial pit. This additional data will allow selection of the best geotechnical parameters to **maximise safety and minimize strip ratios**. Realistic dilution and ore loss parameters will also be gleaned. This will greatly assist in a more effective mining ore reserve determination.
3. **Geological data.** The trial pit will allow **direct structural measurements to be taken of exposed gold mineralisation**. Trial mining may also shed light on the presence and attitude of additional lodes that could be targeted for increases to the overall resource, which in turn could have a positive effect on project economics. Grade distribution can also be studied to determine how varying grade models stand up to results of the trial, allowing optimisation of both modelling and drilling activities.

Data from the trial pit mining exercise will hopefully set the scene for a potentially much larger future stage two open pit down to fresh rock.

During the quarter ended 31 December 2023 ~5,400 gm of doré was sold for revenue of \$ 482,000.

Gold Resource Upgrade

During the previous quarter Classic reported on the upgrade to its gold resource at the flagship Kat Gap Project. **20,488oz** of the previous Inferred Gold Resource was successfully upgraded to **Indicated**.

This enhanced resource confidence level, resulting from re-estimation following the integration of two years' worth of additional drill data, underscores Classic Minerals' commitment to the long-term success of the Kat Gap Project and its vision to become a profitable gold miner.

Figure 5 –Classic Minerals Ltd Kat Gap Gold Resource – Block model.

This upgrade to a higher confidence level has led to more advanced mine planning work that will gauge the economics of Kat Gap and contribute to better staged open pit mine designs. Classic is hoping to have this vital work completed soon.

Updated resource table for Kat Gap:¹

Res Category	Au (ppm)	Tonnes	Au (ppm)	Oz
Inferred	0.0 -> 0.7	61,068	0.49	962
	0.7 -> 999.0	825,444	2.23	59,181
Sub Total		886,512	2.11	60,139
Indicated	0.0 -> 0.7	18,558	0.47	280
	0.7 -> 999.0	236,342	2.66	20,212
Sub Total		254,900	2.5	20,488
Grand Total		1,141,412	2.19	80,367

The resource is estimated and reported at 0g/t cut-off grade to represent the global resource estimate at Kat Gap comparable to the maiden 2020 estimate at the same cut-off. There is also a nominal reported 0.7g/t cut off to closer represent a possible minimum mining cut-off grade for initial open-pit operations, although optimization and financial assessment is still in process.

Outright Purchase of the Forresteria Tenements

Classic Minerals Limited announced on 03 October 2023 the signing of a binding agreement with Reed Classic Minerals Limited (ASX: CLZ), a wholly owned subsidiary of ASX-listed Hannans Ltd, for the acquisition of mining tenements within the Forresteria Gold Project, excluding the Kat Gap tenements already owned by Classic. Initially, in 2017, Classic secured 80% of the gold rights on the FGP Tenements from a third party, with Reed Exploration retaining the remaining 20% interest in gold rights associated with the FGP Tenements. This transaction grants Classic complete exploration rights for all minerals across the FGP Tenements, including Lithium and Nickel.

Although the FGP Tenements already host a substantial 300,000 ounces of gold, the exceptional exploration potential within this area provides a huge opportunity for the discovery of additional gold ounces outside of the existing indicated and inferred resource base. The historical success of the Forresteria region in hosting significant gold reserves, contributed by various successful mining companies, adds to the significant potential of the area. Classic's 100% control of its own processing facility in the area further positions the company to efficiently explore and process gold resources not only from Kat Gap but also from within the larger Forresteria tenement package. This strategic ownership of all assets grants Classic full autonomy and control over their mining operations,

¹ ASX Announcement 21 June 2023

enabling streamlined processes and maximizing returns from their gold projects, reinforcing their position within our WA gold mining industry.

Figure 2: Lady Ada pit on the FGP tenements

Corporate

During the quarter ended 31 December 2023 the Company continued to engage in the most prudent ways of raising working capital in order to bring Kat Gap into production at the earliest opportunity.

Classic Minerals Limited advises the market that in complying with L.R 5.3 it discloses the following for the quarter ended 31 December 2023.

Cash outflows for the December 2023 Quarter was \$1.8 million, as per detail below:

		A\$' 000
Exploration activities - Operating	34%	610
Staff cost - Operating	12%	220
Administration - Operating	-2%	-40
Interest - Operating	4%	80
Tenement - Investing	3%	57
PPE - Investing	1%	14
Repayment of borrowings - Financing	47%	825
Transaction costs related to loans and borrowings	1%	21

Payments to related parties and their associates (as set out in section 6 of the Appendix 5B)

2

Cash inflows for the December 2023 Quarter was \$1.6 million, as per details below:

Selling of gold	30%	482
Government incentives and grant	48%	774
Proceeds from borrowings	22%	350
Proceeds from PPE	0%	-
Proceeds from selling interest in Tenement	0%	-

This announcement has been authorised by the Board.

ENDS:

ABOUT THE FORRESTANIA GOLD PROJECT

Classic has inferred and indicated mineral resources of **8.41 Mt at 1.45 g/t for 391,417 ounces of gold**, classified and reported in accordance with the JORC Code (2012), with a Scoping Study (see ASX Announcement released 2nd May 2017) suggesting both the technical and financial viability of the project. The current post- mining Mineral Resource for Lady Ada, Lady Magdalene and Kat Gap is tabulated below. Additional technical detail on the Mineral Resource estimation is provided, further in the text below and in the JORC Table 1 as attached to ASX announcements dated 18 December 2019, 21 January 2020, and 20 April 2020.

Prospect	Indicated			Inferred			Total		
	Tonnes	Grade (Au g/t)	Oz Au	Tonnes	Grade (Au g/t)	Oz Au	Tonnes	Grade (Au g/t)	Oz Au
Lady Ada	257,300	2.01	16,600	1,090,800	1.23	43,100	1,348,100	1.38	59,700
Lady Magdalene				5,922,700	1.32	251,350	5,922,700	1.32	251,350
Kat Gap	254,900	2.5	20,488	886,512	2.11	60,139	1,141,412	2.19	80,367
Total	512,200	2.25	37,088	7,900,012	1.40	354,589	8,412,212	1.45	391,417

Notes:

1. The Mineral Resource is classified in accordance with JORC, 2012 edition
2. The effective date of the mineral resource estimate is 14 June 2023.
3. The mineral resource is contained within FGP tenements
4. Estimates are rounded to reflect the level of confidence in these resources at the present time.
5. Mineral resources for Lady Ada and Lady Magdalene (Ladies) are reported at 0.5 g/t Au cut-off grade, Kat Gap at 0g/t Au.
6. Depletion of the resource from historic open pit mining has been considered for the Ladies deposits. Trial pit mining depletion at Kat Gap has not been accounted for in the block model due to the ore remaining unprocessed.

The Company confirms that it is not aware of any new information or data that materially affects the information included in this market announcement and, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed.

Forward Looking Statements - Disclaimer

This ASX announcement (Announcement) has been prepared by Classic Minerals Limited (“Classic” or “the Company”). It should not be considered as an offer or invitation to subscribe for or purchase any securities in the Company or as an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this Announcement.

This Announcement contains summary information about Classic, its subsidiaries and their activities which is current as at the date of this Announcement. The information in this Announcement is of a general nature and does not purport to be complete nor does it contain all the information which a prospective investor may require in evaluating a possible investment in Classic.

By its very nature exploration for minerals is a high-risk business and is not suitable for certain investors. Classic’s securities are speculative. Potential investors should consult their stockbroker or financial advisor. There are a number of risks, both specific to Classic and of a general nature which may affect the future operating and financial performance of Classic and the value of an investment in Classic including but not limited to economic conditions, stock market fluctuations, gold price movements, regional infrastructure constraints, timing of approvals from relevant authorities, regulatory risks, operational risks and reliance on key personnel.

Certain statements contained in this announcement, including information as to the future financial or operating performance of Classic and its projects, are forward-looking statements that:

- *may include, among other things, statements regarding targets, estimates and assumptions in respect of mineral reserves and mineral resources and anticipated grades and recovery rates, production and prices, recovery costs and results, capital expenditures, and are or may be based on assumptions and estimates related to future technical, economic, market, political, social and other conditions;*
- *are necessarily based upon a number of estimates and assumptions that, while considered reasonable by Classic, are inherently subject to significant technical, business, economic, competitive, political and social uncertainties and contingencies; and,*
- *involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward-looking statements.*

Classic disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or results or otherwise. The words ‘believe’, ‘expect’, ‘anticipate’, ‘indicate’, ‘contemplate’, ‘target’, ‘plan’, ‘intends’, ‘continue’, ‘budget’, ‘estimate’, ‘may’, ‘will’, ‘schedule’ and similar expressions identify forward-looking statements.

All forward-looking statements made in this announcement are qualified by the foregoing cautionary statements. Investors are cautioned that forward-looking statements are not guarantees of future performance and accordingly investors are cautioned not to put undue reliance on forward-looking statements due to the inherent uncertainty therein. No verification: Although all reasonable care has been undertaken to ensure that the facts and opinions given in this Announcement are accurate, the information provided in this Announcement has not been independently verified.

7.	Financing facilities <i>Note: the term "facility" includes all forms of financing arrangements available to the entity.</i> <i>Add notes as necessary for an understanding of the sources of finance available to the entity.</i>	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
7.1	Loan facilities	6,920	6,920
7.2	Credit standby arrangements	5,000	-
7.3	Other (facility under Put Option Agreement)	15,000	1,347
7.4	Total financing facilities	26,920	8,267
7.5	Unused financing facilities available at quarter end		18,653
7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
	<p>The Company entered into Standby Subscription Agreement with Stock Assist Group Pty Ltd in which the Investor agrees to subscribe for shares if requested by the Company subject to the terms and conditions of facility. The facility amount is \$5,000,000. There were no drawings under this facility for the quarter ended 31 December 2023. This facility will end on 19 September 2024.</p> <p>The Company entered into Put Option Agreement with LDA Capital Limited on 13 December 2022. Under the agreement the Company will be able to flexibly draw down up to \$15,000,000 by exercising put options to LDA Capital Limited over the duration of 36 months starting on the date of the agreement. The commitment fee includes a 2% facility fee totalling \$300,000 which is payable within 12 months of the Put Option Agreement. In consideration of LDA entering into the agreement, the Company also has agreed to issue 59,614,678 options, exercisable at \$0.01385 and expiring 3 years from the date of issue. 1,196,588,344 shares have been subscribed with total purchase price of \$1,347,070 through 31 December 2023.</p> <p>Beirne Trading Pty Ltd provided unsecured loan facility of \$500,000 with interest rate of 3% per month that will mature on 24 June 2024. Additionally, Beirne Trading Pty Ltd provided unsecured loan of \$500,000 with maturity date of 12 March 2024 and interest rate of 2% per month.</p> <p>CTRC Pty Ltd provided loan facilities of \$250,000, \$250,000 and \$500,000 with maturity dates on 18 February 2024, 26 February 2024 and 25 March 2024, respectively. These facilities are secured against the Company's assets under PPSR (Personal Property Securities Register) and have interest rate of 3% per month.</p> <p>Foskin Pty Ltd provided loan facility of \$320,000 with maturity date on 29 March 2024. This facility is secured against the Company's assets under PPSR (Personal Property Securities Register) and has interest rate of 3% per month.</p> <p>Gold Processing Equipment Pty Ltd provided unsecured loan facility of \$5,500 with maturity date of 14 June 2024. Additionally, Gold Processing Equipment Pty Ltd provided \$300,000 loan facility with maturity date of 20 March 2024. This facility is secured against the Company's assets under PPSR (Personal Property Securities Register). Those loan facilities have interest rate of 3% per month.</p> <p>Greywood Holdings Pty Ltd provided loan facilities of \$500,000, \$180,000 and \$200,000 with maturity dates of 3 February 2024, 12 March 2024 and 25 March 2024, respectively. These facilities are secured against the Company's assets under PPSR (Personal Property Securities Register) and have interest rate of 3% per month.</p> <p>Gurindji Pty Ltd provided loan facility of \$950,000 with maturity date of 1 August 2024. The facility is secured against the Company's assets under PPSR (Personal Property Securities Register) and have interest rate of 3% per month.</p> <p>Klip Pty Ltd provided unsecured loan facility of \$700,000 with maturity date on 24 June 2024. The facility has interest rate of 3% per month.</p>		

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

Michael Wilson provided unsecured loan facility of \$30,000 with maturity date on 27 July 2024. The facility has interest rate of 3% per month.

Reliant Resources Pty Ltd provided unsecured loan facility of \$50,000 with maturity date on 23 February 2024. The facility has interest rate of 3% per month.

Rotherwood Enterprises Pty Ltd provided unsecured loan facility of \$300,000 with maturity date on 24 June 2024. The facility has interest rate of 3% per month.

Tracey Pearson provided unsecured loan facility of \$10,000 with maturity date on 7 June 2024. The facility has interest rate of 3% per month.

UFL Technology Pty Ltd provided unsecured loan facility of \$200,000 with maturity date on 15 February 2024. The facility has interest rate of 3% per month. Additionally, UFL Technology Pty Ltd provided another \$200,000 loan facility with maturity date of 15 February 2024. This facility is secured against the Company's assets under PPSR (Personal Property Securities Register). The loan facility has interest rate of 3% per month.

On 22 February 2023, the Company entered into loan agreement with Aneles Consulting Services Pty Ltd for procurement of vehicle. The total loan amount of \$250,000 has latest repayment date of 14 June 2024. Aneles Consulting Services Pty Ltd undertakes to transfer full legal title to the Company upon the conclusion of the finance period.

Whead Pty Ltd provided unsecured loan facility of \$724,323.85 with maturity date of 30 June 2024. The facility has interest rate of 3% per month.

8.	Estimated cash available for future operating activities	\$A'000
8.1	Net cash from / (used in) operating activities (item 1.9)	386
8.2	(Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	-
8.3	Total relevant outgoings (item 8.1 + item 8.2)	386
8.4	Cash and cash equivalents at quarter end (item 4.6)	3
8.5	Unused finance facilities available at quarter end (item 7.5)	18,653
8.6	Total available funding (item 8.4 + item 8.5)	18,656
8.7	Estimated quarters of funding available (item 8.6 divided by item 8.3)	48.33
	<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8	If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1	Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
	Answer: N/A	
8.8.2	Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
	Answer: N/A	

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [*name of board committee – eg Audit and Risk Committee*]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
